Date: prior to class

Open Water and Discover Diving Students

Before you begin your open water class or attend a discover diving class please remember the following:

Complete all of the informational sections on the student folder or the discover diving sign-up form. Make sure that the medical questionnaire is filled out. If there are any yes answers to the questions on the medical questionnaire then you must get a Doctor's OK to dive. We have the forms here at the shop. These are the forms that the doctor must complete. Please call. You cannot go in the pool otherwise. There will be no exceptions.

Bring a bathing suit, towel, t-shirt and any dive gear that you intend to use in the pool.

Call the shop a couple of days before the class to confirm the schedule and confirm that all paperwork is complete. Otherwise we may have to reschedule.

Open Water only

Bring books, log book and the entire crew pack with you to each and every class. Also try to bring pen and scrap paper for working with dive tables.

The reading must be done and knowledge reviews completed prior to class in order to go in the pool. Please remember that if you do not complete the assigned homework, you will be holding the rest of the class back. Be considerate.

Lastly, come ready to have fun, learn new skills and to begin having the adventure of a lifetime.

LEARN TO DIVE NOW! THE ADVENTURE OF A LIFETIME BEGINS HERE!
